

20th Annual Summer FUN Show

July 9-11, 2026, Orlando

The 20th Annual Summer FUN Show was the largest ever with 418 dealer booths and attendance of 5,000. 1516 dealers registered, 272 Early Bird badges were issued.

The U.S. Mint was there with the new 250th anniversary of Independence dimes, quarters and halves, along with other products. Director of the U.S. Mint, Paul Hollis and Abraham Lincoln opened the show.

Although it was 98 degrees outside, it was nice and cool inside.

We had Wizard Supply, Coins and Kids booth with hundreds participating, an Exhibit area, Club section, Foreign & Ancient section, Budget section, Heritage Auctions, along with all the certification services were there. There were four educational programs.

Four Club buses came with a total of 135 club members on board. The Boy Scout program had 48 scouts participating and 14 YN's were at their program.

From what I heard, all the dealers did well. We now look forward to the big January 7-10, 2027 FUN Show in the North/South Building, Hall NB featuring over 750 dealer booths.
