

10<sup>th</sup> Annual Summer FUN Show  
July 7-9<sup>th</sup>, 2016  
Orlando, FL

Orlando was hot!! Temperatures were 96 to 99 degrees outside. But inside, dealers were complaining that the temperature was too cold on the show floor. It was a good show with attendance about 3000. We had 202 dealer booths, 5 educational seminars, the Heritage Auction, Kids & Coins booth, the YN program, Scout program, and exhibits.

The educational programs had 10-20 people per program. Heritage Auction realized \$6.6 million. The Kids & Coins booth had 228 kids participate. The YN program had 38 and the Scouts had 12. Four club buses brought in 148 club members to the show. Ocala on Thursday brought 45, Jacksonville 35, Palm Beach 44, and West Hernando 24, all on Friday. The FUN Coin Club Get Together had 40 in attendance with a luncheon, 10 silver eagle door prizes, and a program on "Grading Paper Money". The exhibit area had 12 exhibits in 54 cases including FUN memorabilia and the U. S. Medal of Honor exhibit.

Piedmont Gold Panners were busy the entire show. Several panners left with gold flakes and a few with small nuggets. Early American Coppers, Florida Casino Chips & Gaming Token Collectors Club, and Cuban Numismatic Association all met on Saturday. Ten specialty numismatic clubs had free tables, including the ANA. The U. S. Postal Service was on site.

Dealers that I talked to said business was excellent on Thursday and Friday, but a little soft on Saturday. The majority had a good show. There were no major problems and everything went well.
